(TSXV: AWE) (OTCQB: THURF) ("Thunderstruck Resources" or the "Company") today announces that it has repriced its non-brokered private placement originally announced on March 5, 2019 (the "Offering") due to recent share price movement.

The Offering will now consist of up to 7,142,857 units (the "Units") at CDN\$0.07 per Unit for gross proceeds of up to CDN\$500,000, with each Unit consisting of one common share (a "Share") and one-half of one share purchase warrant (each whole share purchase warrant, a "Warrant"). The proceeds of the Offering will be used by Thunderstruck Resources for ground geophysical survey completion on the Rama copper porphyry and Liwa gold prospect, Liwa Creek trenching for gold in soil anomaly, and commence diamond or man-portable drilling on the Rama and/or Liwa projects.

Closing of the Offering is subject to approval of the TSX Venture Exchange ("TSXV"). The securities issued under the Offering, and any Shares that may be issuable on exercise of any such securities, will be subject to a statutory hold period expiring four months and one day from the date of issuance of such securities.
