

Dear Shareholders,

We are very excited to update you that our first drill results, from the maiden Liwa gold/silver property, are now in the hands of our geologists. They are checking and confirming all the data and we hope to release the results in the very near term.

These first assays are the culmination of a number of years of work at Liwa including IP, rock & soil sampling and now drilling. Here is the link to the Liwa project info: [Thunderstruck Resources - LIWA](#)

Other updates include:

Thunderstruck will be participating in the upcoming Mines and Money show, Dec.1 &2. Link to info here: [Mining Companies - Mines and Money London | Europe's Largest Mining Investment Event](#)

We have also recently engaged Investing News Network to assist us in our marketing. You can view our profile, on their platform here: [Thunderstruck Resources \(TSXV:AWE\) Investor Overview | INN \(investingnews.com\)](#)

If you have any questions, please contact me.

Regards,

Rob Christl
